Buenos Aires, Argentina

SUMMARY

I am a Software Developer specializing in mobile app development, with around 3 years of experience building and deploying applications for both Android and iOS. My expertise lies in creating efficient, scalable, and user-friendly apps, always focusing on delivering high-quality results. I thrive on challenging projects and enjoy pushing the boundaries by integrating the latest technologies, including artificial intelligence (AI), into mobile apps to enhance functionality and user experience.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Swift, Python
Frameworks: React Native, React, Next.js, Redux
Backend: Node.js, Express
Databases: MongoDB, Firebase, realm
Development Tools: Git, GitHub actions, Xcode, Android Studio
Others: RESTful APIs, jest, Agile methodologies

KEY COMPETENCIES

Mobile/Web Development
Cross-Platform Development
Proactive and Self-Motivated
Continuous Learning
Excellent Communication Skills
Agile & Scrum

PROFESSIONAL EXPERIENCE

Software Developer at Innovasoft   Feb 2023 - Present

I have developed and maintained high-quality mobile applications for Android and iOS using React Native. I also provided support for apps built with Flutter, Java, and Objective-C, and developed web applications using React. I deployed projects to the App Store and Google Play, collaborated with teams to define features, and ensured smooth performance through ongoing maintenance and troubleshooting.

Mobile Developer at Vippinn   Aug 2022 - Feb 2023

I was responsible for developing, and deploying cross-platform mobile apps using React Native. I collaborated with cross-functional teams to gather requirements and implement features, ensuring optimal performance and user experience. I resolved software defects, implemented enhancements, and participated in software design meetings to translate user needs into technical requirements. Additionally, I followed agile methodologies to deliver high-quality applications on time.

React Native Tutor at CoderHouse   Jun 2021 - Jan 2023

I supplied support and guidance to students enrolled in the Mobile Development course. I reviewed and offered feedback on challenges and assignments to help students improve their skills, while also creating engaging content for React Native classes.

Mobile Developer (Freelance Project) at WeHaus   Aug 2021 - Dec 2021

In my role as a Mobile Developer at WeHaus, I contributed to the design, development, testing, and maintenance of a React Native application. I enhanced the app by optimizing existing functionality and introducing new features. Additionally, I deployed the app to both the App Store and Google Play Store, ensuring a smooth launch and positive user experience.

EDUCATION

Software Development Technician
Instituto Superior Pascal 2022-2025

CERTIFICATIONS

Platzi certifications link

EXTRACURRICULAR ACTIVITIES

Language Skills
- Spanish: native
- English: B2 Level (Intermediate-Upper)

Technical Workshops
Attended various workshops and online courses related to AI, mobile development, and web technologies
